## STATE LINE S-GAUGERS

Since it was formed in January of 1981 our group, S.L.S.G., has been very active in the promotion of S gauge model railroading. We are a very informal group of individuals from N. Illinois (Rockford area) and our neighboring states who like to get together once a month, most often in members homes. When we do, our sole purpose is to talk about and operate all kinds of "S" Gauge trains. American Flyer is still number one with most of our members, although S Scale and Sn3 interest has grown at a rapid pace. All "S" Gaugers are welcome to our club. We have so much to learn from one another! When we are not meeting in members homes our club is likely to be involved in maintaining or displaying our Modular layout at one of the many local train shows. We also have an annual Family Picnic and Christmas Party. The real value in attending most membership meetings is talking and generally exchanging information about our favorite hobby and growing in the process. We are looking forward to hearing from you.
